

Note: Personnel Team no longer exists as a governance team  
LEAD team and staff will be addressing what should replace Personnel Team on the Accountability Path.

UBC Team is not A “governance team” but is an open team that staff can utilize for support.

All governance teams are open. Anyone who is interested in observing or participating in a conversation is welcome to attend even if s/he is not a regular member of the team. All educators who are past their first year of service at SFC participate in running the “teacher-run” school by participating on a governance team or taking on another school-wide responsibility.
